APPROVAL OF STATE ENGINEER								
This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the								
follo	wing limitations and conditions:							
the terms and conditions imposed in said Permit 30600 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a measuring device must be installed in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times. The place of use allowed under this permit shall not include Section 15, T.29N., R.35E., M.D.B. & M.								
-								
The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not								
	-				ot to exceed a	иа пот		
	ceed6.0 Ply duty of 4.0 acre-fee							
		***************************************		777	N 1 07 7
